Technical Regulations

Rules: For matters not covered by these regulations, the regulations of the Italian Cycling Federation and the technical rules of CSAIn cycling will apply.

Requirements: Participation is open to all registered participants with the payment of the registration fee and a medical certificate of fitness for sports.

Categories: Participants are divided into 5 age categories.

The year of birth determines the age category (not the full date of birth).

Category A: 18-30 years – (2006 – 1994)

Category B: 31-40 years – (1993 – 1984)

Category C: 41-50 years – (1983 – 1974)

Category D: 51-60 years – (1973 – 1964)

Category E: Over 60 – (born from 1963 onwards)

Note: The use of helmets is mandatory. The organization reserves the right to modify the number of categories based on the number of registrants.

Race Program: The events consist of: Time Trial and Road Race, both for the road cycling specialty. A special “combined” classification will be drawn up with relative awards for competitors participating in both events. The race management reserves the right to merge multiple categories into a single race, while maintaining arrival orders and awards for the established categories. Women will race separately from men in any case. The title "WCSG 2024" can only be awarded if a minimum of three competitors start in each category. Otherwise, they will compete for the title in the higher category. All competitors must comply with the instructions given by the race management and any changes made to these regulations, which will be made public before the start of the event.

Circuit: Circuit Length: 4.950 km

Average Width of the Circuit: 14 m

Time Trial: Women: 2 laps of the circuit for a total of 9.900 km

Men: 3 laps of the circuit for a total of 14.850 km

The women's race starts first, followed by the men's race.

Road Race: Women: 10 laps of the circuit for a total of 49.950 km

Men: 12 laps of the circuit for a total of 59.400 km

The men's race starts first, all categories together.
One minute later, the women's race starts, all categories together.

Friday, June 21, the time trial will take place Expected start time: 10:00 AM

Staggered starts at one-minute intervals, with the first competitor starting at 10:00 AM

First the female category, then the male category from the oldest to the youngest.

For competitors starting late, the time will still count from the scheduled start time. Drafting other competitors is prohibited; a distance of at least 25 meters must be maintained. Overtaking caught riders should be done on the left without hindering their progress. Offenders will be excluded from the final ranking.

Saturday, June 22, the road race will take place Expected start time: 10:00 AM

It is reiterated that, depending on the number of participants, the race management reserves the right to merge categories, while maintaining the established order of arrival and awards for each category. Lapped competitors will be required to stop and will be classified based on their previous crossing of the finish line.

Special Combined Classification Regulations A special “combined” classification will be drawn up for all competitors classified in both races (road and time trial) based on their overall placement in the two events, summing the points assigned in the two specialties. Points are assigned according to the following table:

1st place: 100 points, with a decrease of one point for each subsequent place (if there are more than 100 classified, the points will follow the number of classified).

Note: All participants must be present on the field at the scheduled start time of the race they are competing in.

Results: The results will be published on the official WCSG website, in the cycling section, and on the related app.

Note: The organization reserves the right to modify and/or change the information contained in this program based on specific and emerging needs.
